

Baby Caps Dedication

by Doug Valentine

Thank you to everyone who contributed to the baby caps, teddy bears and baby gowns that were dedicated on Sunday June 22nd. Prayers were offered during both services, thanking God for leading us to this wonderful mission opportunity and also for the recipients of the items, the as yet unborn babies and young children in the developing world. After the second service the hats were strung out in front of the Sanctuary and the gathered members and friends of South Plains sung “Jesus loves me” in celebration.

As in the past, the hats will be sent to the Medical Benevolence Foundation. Pat Valentine recently returned from the General Assembly out in California and she tells of the great interest shown by representatives of the Medical Benevolence Foundation and other attendees of the General Assembly in this mission program. She happily shared the news of the collected 1831 caps (after 4 last minute additions), 190 bears and 26

gowns that we were dedicating that very Sunday. You may remember that Pat took 400 caps with her to be used in hospitals in Grenada earlier this year when she visited our partner Church of St Andrews Kirk, Presbyterian Church of Grenada. The remaining caps, bears and gowns have already been sent off to the MBF.

Again, thanks to all and let's keep knitting, crocheting and sewing to make sure we have a similar number to dedicate next year.
